Washington, March 16.—A report of the arrest on the Aland Islands of Henry C. Emery, a former chairman of the traffic board, said to have been captured with a party of British by the Germans and taken to Germany, was made to the State Department today. Mr. Emery, the dispatch disclosed, holds a Major's commission in the reserve of the American army.

The dispatch said nothing as to the final disposition of the prisoners, although press dispatches said they were taken to Dantzig, Germany. At the State Department it was said no instructions had been sent to Minister Morris.

Late Reports Indicate Overwhelming Vote to Ratify German Peace Terms Was in Bolshevik Caucus.

NOTABLE ACTION

ON BRITISH FRONT

German Submarines Take Swedish Trawlers and Steamer Into German Port.

Germans Establish New Army Group on West Front, Presumably on American Sector.

By Associated Press Dispatch.

Final action on the German peace treaty apparently has not yet been taken by the All-Russian Congress at Moscow.

While dispatches dated Thursday reported the Congress had decided overwhelmingly to ratify the treaty, advices from Moscow Friday say there has been a division in the council of people's commissaries and indicate Russia has not yet been committed to the German terms.

Bolshevik approval of the treaty seemingly has aroused the members of the government belonging to the Social Revolutionists of the left who refuse to ratify it. The Social Revolutionists are said to have resolved to resign should the Congress approve the treaty. This probably means decisive action has not yet been taken by the Congress as a whole.

Moscow advices show more than 1,100 delegates are attending the Congress. Of these more than 700 are Bolsheviks, who in their caucus overwhelmingly ratified the treaty.

Berlin reports somewhat notable activity by the British front last night, along the front between Arras and St. Quentin. The establishment of a new German army group on the western front commanded by General von Gallwitz is indicated in the army headquarters statement. General von Gallwitz's troops possibly are those facing the Americans northwest of Toul and east of Lunville.

A number of large Swedish trawlers and one of the largest Gothenberg steamers have been captured by German submarines off the Skaw, the northern extremity of Jutland, Denmark, and forced to go to Germany according to a report printed by a Gothenberg paper and received in London. Maximalists in Siberia have murdered 150 Japanese at Blagovieshtensk, capital of the Amur province according to a report received in London.

DEFENDS U. S. LABOR FORCES

By Associated Press Dispatch.

New York, March 16.—Samuel Gompers vigorously defended the loyalty of organized labor in the United States in the war against Germany in an address delivered here today at a meeting called by the national Civic Federation to discuss after war problems—with reference to labor and sociological conditions.

His address was in reply to a reference made recently to the failure of the American Federation to have a representative at the international Labor Convention held in London.

He said the reason was because the invitation was not received until too late for American representatives to be present.

New Methods of Conservation Planned.

By Associated Press Dispatch.

Washington, March 16.—Wheat holdings at country mills and elevators March 1 were estimated today by the Department of Agriculture at 68,972,000 bushels. That is about 20,000,000 bushels less than March first last year, and 36,000,000 less than in 1916.

The decline in grain stock presents one of the most serious problems facing the Food Administration which is considering new methods of conservation to protect this country and the allies against an actual wheat famine.

Hoarding is the danger most feared by the Food Administration experts.

SAYS MEASURE IS NECESSARY

By Associated Press Dispatch.

Washington, March 16.—In presenting the war finance corporation bill to the House today Majority Leader Kitchin said the government must go to the rescue of many industries and that no present agency has the necessary authority.

The finance corporation plan, he said, created the agency needed.

U. S. STEAMER OPENED FIRE ON DESTROYER

One Man Killed and Three Are Injured When Armed Guard Mistakes Destroyer For Sub.

By Associated Press Dispatch.

Washington, March 16.—Investigation by a naval court of inquiry ordered today revealed that last month one man was killed and three wounded on an American destroyer, accidentally fired upon by an American merchant ship.

The report of the guard on duty was received at the Navy Department today. The name of the man killed was announced by the Department at the time of the incident when it was stated his death was due to accident.

It is reported that the merchant ship was one of the American Line steamers. Her guards fired on the destroyer, it is understood, thinking the warship was a German submarine.

There was a haze over the sea at the time.

FAYETTE MAN IS WOUNDED GREENFIELD MAN KILLED

First Casualties From This Part
Of Ohio Stir Citizens As Nothing
Else During The War.

Joseph E. White, of Greenfield
Company, Killed In Action.

Robert G. Andrews, Son of Mr.
and Mrs. John Andrews, of
Bloomington, is Wounded.

Local citizens were deeply aroused Saturday, when it became known in this city that the first casualties from this community had been reported from France, and that a Fayette county man had been wounded and a Greenfield man killed in action on the battlefields of Liberty and Democracy.

Word first came of the death of Private Joseph E. White, of Company G, Greenfield, son of Charles White, of Frankfort, and brother of William A. White, formerly connected with the Standard Oil Company in this city, but who was recently transferred to Jamestown. A brother Troy, at Roxabel, also survives the dead man.

Mr. White received a telegram from the war department Friday night, informing him that his son had been killed in action. No details were given.

Later word was received from Bloomington that Mr. and Mrs. John Andrews of that community had received word of the wounding of their son, Robert G. Andrews, of Company I, formerly of Company M. The message stated that he had been slightly wounded, and that his wound was inflicted March 4th, while in an engagement with the Germans.

It was on March 4th or 5th that the Ohio boys repulsed a strong German attack, and it is supposed that Companies I, K, L and M were involved in the engagement, as they are members of the same battalion, the Third of the 166th, and commanded by Major Houser, of Chillicothe.

First Fayette Man Wounded
Corporal Andrews is the first Fayette county man wounded in France, although one member early this year died of pneumonia.

Corporal Andrews was formerly in Company M, but later transferred to Company I, and has been in that company since that time.

There is no doubt that Company M, was in the front line trenches recently, but it is now believed that they are resting far back of the battle front. It is supposed that they were in the trenches sometime about the first week of this month.

LEG FRACTURED BY LUMBER SLIDE

Isaac Lucas, aged 55, of Millwood, is confined to the Fayette Hospital suffering a compound fracture of the right leg, below the knee, as result of a stack of lumber falling at the Willis Lumber Company's plant.

Several thousand feet of the lumber slid to the ground and a number of employees barely escaped the falling boards.

Mr. Lucas was standing near the car that was being loaded, and had no opportunity to escape. Others saved themselves by leaping. The large bone of Mr. Lucas' leg was forced through the flesh.

MEETINGS CONTINUE

Another large audience greeted the minister, G. E. Groves, when he stepped into the pulpit last night. The sermon on "Sowing and Reaping" was a good one.

The series of sermons at the Church of Christ this week have all been able and forceful from every standpoint. Tonight at 7:30 Mr. Groves will speak on "The Only Ship that Reaches Port on Life's Ocean." The service will be a short one.

The special duet last night was also good and the choir did splendidly on some new songs. The choir has been very loyal.

MEMOIR.

Minnie Koons Henkle, daughter of Jacob and Elizabeth Koons, was born in Perry county, Ohio, January 7, 1863.

Departed this life at her home in Springfield, Ohio, March 3rd, 1918, aged 55 years, 1 month, 7 days.

Her parents moved from Perry county to Fayette county, Ohio, when she was but a small child. Here she grew to womanhood and lived several years after her marriage.

She was united in marriage with Jesse C. Henkle, February 27, 1879. To this union three children were born, two daughters and one son; Grace, who married Mr. Geo. Rider, Fern, who married Harry Davis, and Claud, the son, at home.

Fern preceded her mother to the better land by several years. Early in life Mrs. Henkle was converted and united with the Methodist Protestant church, when but a girl, and until the close of her life lived a faithful and devoted follower of the lowly Nazarene.

Mr. and Mrs. Henkle moved from Fayette county to Springfield, Ohio, in the year 1885, and have ever since made this city their home. Here she and her husband united with the Second Congregational church on Lagonda Ave., of which she has remained a faithful, loyal member until the close of her life, giving a good portion of her time and energies to the interests and work of the church.

She was prominently identified with two fraternal orders, the Daughters of Rebekah, I. O. O. F. and the Order of Pochontas. She was held in highest esteem for work and worth in both orders.

For most of her life Mrs. Henkle has been a great sufferer from that insidious disease, asthma. But her indomitable will and great energies led her to combat her physical weakness, and rise to the higher and nobler duties of life. She was a woman of great energy and will power and succeeded thereby where others would have failed. She was a good wife, an indulgent mother, a faithful and true friend, and has with zeal and earnestness fulfilled the great mission of life and has gone to her great reward.

Mrs. Henkle was a foster mother to a number of orphan children for the past fifteen years of her life.

A BETTER WORLD.

There is a realm where bliss untold Dwells undisturbed in all;

Where gates are pearl and streets are gold, And gems enrich the wall.

To that cherubic realm I soar On wings of holy light;

Rejoicing that my sins no more Can dim the spirit's sight.

The funeral services were conducted by Rev. H. A. U. Richards, Congregational church, and Rev. J. F. Henkle, of Washington C. H., Ohio.

PENNY SUPPER A BIG SUCCESS

The "Penny Suppers" of the M. H. G. are now well established as among the most enjoyable semi-annual events.

The third supper of the kind, held in the Presbyterian church basement Friday night, proved the old adage "the third time the charm," with the biggest crowd, the most elaborate menu and the prettiest decorations of the series. Best of all, it netted \$90 for the treasury.

A steady stream of people poured in from before five o'clock until almost seven, and visited merrily while standing in line.

Served cafeteria fashion and most invitingly arranged and garnished that supper was worth waiting for. There was a great variety of meats, salads, desserts, relishes and people patronized them liberally, leaving little for late customers.

The big basement dining room presented a gay scene of the St. Patrick's season, with overhead festoons of green, bud vases holding spring blossoms on the tables and each cover marked by green shamrocks. The girls of the class were as pretty waitresses as could be found, all wearing white, with green peaked caps and green ties. The same green decoration was used in the cafeteria counters.

The supper was served on a more elaborate scale than heretofore, and the quantity provided doubled. It was highly creditable to the class in preparation and serving.

The executive committee, Misses Esther Leland, Ida Harvey, Mabel Larimer, Mrs. Walter Sprenger, and Miss Nina Henkle, chairman of the social committee, assumed the general management, with the co-operation of the teacher, Mrs. Austin F. Hopkins.

WASHINGTON HIGH WINS FIVE, LOSES SIX GAMES PLAYED

The Washington High school basketball team in rounding out its season with the game of Friday night, has made a total of 242 points to a total of 250 made by the opposing teams played, having lost six out of eleven games.

It will be seen by this that Washington has made only a fair record, and has not held her ground with opposing teams. However, virtually all teams played have been strong ones.

The result of the eleven games, place played, and score, follow:

Washington vs. Hillsboro, here, Hillsboro; 13 to 10.

Washington vs. Circleville, here; Washington; 26 to 18.

Washington vs. Greenfield, here; Washington; 17 to 16.

Washington vs. Wilmington, here; Wilmington; 22 to 21.

Washington vs. Xenia, Xenia; Xenia, 53 to 5.

Washington vs. Y. M. C. A., here; Washington; 41 to 18.

Washington vs. Wilkesville, Greenfield (tournament), Washington 29 to 9.

Washington vs. Hillsboro, Greenfield (tournament), Hillsboro, 18 to 17.

Washington vs. Greenfield, Greenfield; Greenfield, 25 to 24.

Washington vs. Springfield; Springfield, 51 to 23.

Washington vs. Chillicothe, here; Washington, 29 to 7.

CANOE TRIP TO THE OHIO RIVER

Plans have been completed for the canoe trip arranged by the Alpha Beta Pi fraternity to be held during the last week of this month.

The "fleet" will consist of eight canoes, and the trip will begin at the covered bridge on the Chillicothe pike. From there they go by way of Paint creek to Chillicothe, and from Chillicothe to Portsmouth by way of the Scioto river.

The canoes will be shipped back from Portsmouth, and the return trip made by rail.

UPTOWN STATION OF FAYETTE CREAMERY

The Fayette Creamery Company has leased the Os McClellan store room on North Fayette street, and will open up an uptown station of the creamery handling buttermilk, butter and sweet milk.

The room will be especially equipped for distributing the milk and butter, and the station promises to become very popular.

The action of the company is due largely to an ever growing demand for the products handled, particularly since the conservation of certain foods makes the use of milk and butter more pronounced.

RED CROSS ACTIVITIES

The request for Property Bags, recently given out, has not met with a very generous response.

Less than 60 chapters responded, pledging about a third of the quota of 20,000.

The last issue of the Lake Division News asks that other chapters, who find that they can obtain material for these bags, respond promptly.

Malicious Stories Denied

By Nursing Head

Despite circulation of stories intending to show that many American nurses have been subject to atrocities abroad, seventy Ohio Indiana and Kentucky nurses enrolled with the Lake Division Bureau of Nursing during February.

One of the stories in circulation was to the effect that two American nurses, on duty overseas, had their tongues cut out by the enemy. Another story going the rounds in northern Ohio says that an enemy patient seized and broke the wrists of one nurse while she was ministering to him.

According to Miss Mary Roberts, division director of nursing, Miss Jane Delana head of the nursing bureau at Washington, declares that no such indignities have been reported by the French or Italian Red Cross commissions sent over from this country.

"The Lake Division would like to discover the Baron Munchausen who invents and circulates the pernicious stories of maimed and mutilated nurses," says Miss Roberts.

"These stories, though never proven, are designed to break down the splendid spirit of our nurses and to dissuade them from entering the Red Cross service in sufficient numbers. Nurses of the higher type do not pay much attention to these stories. Unfortunately the parents of prospective nurses do pay attention and prevent their daughters entering schools for nurses."

"I wonder how long the public will allow itself to be fooled by such atrocious propaganda."

ACCEPTS POSITION WITH LOCAL BANK

No little surprise was occasioned this week, when it was announced that M. A. Slaughter, of the Leesburg Bank, had arranged to accept a position with the Washington Savings Bank and Trust Company, of Washington C. H. Mr. Slaughter will begin his new duties the first of April, or perhaps sooner, as conditions dictate, between now and that time. He will take the place in the accounting and bookkeeping department which was left vacant through Mr. Arch Riber being subject for draft.

Mr. Slaughter will make preparations for moving his family and household goods possibly this week, and will be firmly established on taking the position.

Leesburg will miss Mr. and Mrs. Slaughter and their fine family.—Leesburg Citizen.

"The New Russia."

The hope of an early peace and a near approach of the end of hostilities, never more than a mirage in the distance, finds another blow in the acceptance of German peace terms by an overwhelming vote of the all-Russian congress. The terms include German control of eight provinces, demobilization of the Russian armies, internment of the Russian fleet and other acts of vast importance. They open up all this territory to new Teutonic political and economic exploitations.

Russia is helpless. She has broken down just as Turkey broke down two centuries ago. She may well be compared to the Roman Empire, when it was no longer able to defend itself. Her collapse gives rise to new complications, opens new menaces in the cruellest war in all history and there is no disregarding that this is a crucial time in the development of the war's conflict.

The time has now come when definite action may be expected by the Japanese and the Allies on the Siberian question.

It was just a year ago that the Czar of all Russia abdicated his throne and thereby opened to the Russian people a dream of democracy, now so terribly shattered. The iron rule of the Hohenzollerns, which finds example in the cruelty with which they ruled Africa, is far indeed from the ideals of peace and a world democracy.

But it is too soon to predict the outcome of the German-Russian peace contract. When the vacillating bear of the north is awakened by the chains of a new slavery, repudiation of such a treaty as has just been closed is sure to follow.

Will it be too late? Will Russia find her vast resources and her millions of subjects already involved in the service of a military autocracy?

The only hope of freedom is in the crushing of Hohenzollern supremacy. The all-Russian congress, in its extremity, has failed to realize that all Germany's peace terms mean war.

Russia's latest action, far from bringing a desired peace, means humiliation and a future menaced by constant war against Germany's domination.

The Russian problem is far from solved. What part will the Allies and Japan take in its deciphering?

Welcome, Little Dutch Ships!

The taking over of all the Dutch merchant fleet by the Entente Allies, unless Holland accepts agreement before next Monday, is the greatest move of the kind since the beginning of the war.

This will bring practically a million tons of shipping to the aid of the Allies at a time when they are sorely needed. Seventy-five percent of these vessels, 750,000 tons, are in American ports, the rest in other Allied ports.

The action is one vastly in accord with the temper of the American people, and was made necessary by Holland's hesitancy to come into an agreement with the United States and Great Britain, which would permit of the use of ships flying her flag.

The use of these boats is highly essential to the success of the Allied cause, and their seizure is made imperative by the necessity of feeding the neutral nations of the world.

Terrorized by the menace of the German submarine and German pressure the Netherlands government has held back from closing negotiations which would profit it immediately in the release of foodstuffs and other necessities. In these Dutch ships, long bottled up by Germany, is another proof of the Teutonic purpose of starving the neutrals of north Europe.

Holland's position has been difficult since the outbreak of the war. Neutrality was imposed by a division of sentiment between the Allies and the Central Powers and a natural desire that Holland escape the horrors of war and economic necessity, for her economic life rests largely upon her trade with Germany on the east and with England across the North Sea. But this neutrality was open to suspicion when it soon became evident that imports to Holland were re-exported to Germany, and a vast amount of smuggling going on. England thought it time to exert pressure.

It is suggested that there is a possibility of a secret understanding between the Allies and the Netherlands, but that may be idle supposition.

If the ships are taken over Holland's interests will be safeguarded in every way, with ample food supplies and provision made for resumption of her interrupted trade with her colonies.

The German press is violently urging drastic action and there is no doubt that Germany will put up all the fight possible to prevent the seizure.

The contrast between the action of the Entente Allies with the attitude of Germany, which for months, by threats, has attempted a control over Dutch shipping not warranted by international law or civilized customs, is on a par with other widely differing policies of the two groups of belligerents.

"Somewhere In France"

Tom and Bill are shooting craps,
Dick is busy chewing gum,
Fred and Joe are taking naps,
Bert is looking rather glum,
Jim is brushing off his coat,
George is shining up his shoe;
These are just some things I note—
While I'm writing home to you!

Willie's at the gramophone,
Tim is smoking, blowing rings,
Nick is playing cards alone,
Reginald quite sweetly sings,
Ezra whittles with his knife;
Gee, we are a mixed-up crew!
What a funny thing is life!
I am writing home to you!

Each of us has got a girl,
Each the other likes a chaff,
Archibald displays a curl,
Sam displays a photograph,
But there's not a one, I swear,
Half so sweet or half so true
As my sweetheart "over there"—
So I'm writing home to you!

Flood Not Feared.

With fair weather predicted, the flood situation here does not appear serious.

Farm Labor Demand Increases.

Columbus, March 16.—Warm weather has increased greatly demands for farm labor in Ohio and requests of the last few days show that the figures obtained in the recent survey of the employment division of the Ohio defense council are too low. This statement was made by C. H. Mayhugh, state employment director.

DECLARES HIGH SALARIES PAID

(By American Press)

Washington, March 16.—Senator Reed of Missouri, Democrat, made another attack on Food Administrator Hoover and the food and fuel administrations generally in the senate during debate on an amendment to the agriculture appropriation bill requiring clerks in the department of agriculture to work eight hours a day instead of seven, as at present. The amendment finally was adopted, 22 to 28, but is to be effective only during the war.

Senator Reed said that while giving its attention to legislation requiring clerks who have grown old in the service to give more of their time to the government, congress is overlooking the "unnecessarily high" salaries paid in the food and fuel administrations. He assailed particularly the pay of the vice presidents and assistants of the grain corporation, a subsidiary of the food administration, which, he said, range from \$2,400 to \$6,000 a year.

Turning to the fuel administration, the senator read a long list of names of employees and their salaries, which ranged from \$2,600 to \$5,000 a year.

Columbus, Ohio, March 16.—From Maine to California and from the Great Lakes to the Gulf of Mexico the fame of two Ohio counties is likely to spread. They are Marion and Ashland counties and they are the leading per capita war savings and thrift stamp sales counties in Ohio and the United States.

Sales in Ashland county, for the period ending March 1, were equivalent to \$6.60 for every man, woman and child. Marion county's per capita sales for the same period were \$4.99. The state's per capita to date, should have been \$3.10, but it was only \$1.22.

On the basis of \$20 per capita, Ashland county's war savings quota for 1918 was fixed at \$485,620. The quota for Marion county is \$756,700. Sales in Ashland county for the first two months of the year amounted to \$150,375, while in Marion county sales totaling \$188,856 had been made to that date, with pledges of more than \$200,000 for future delivery.

Social and Personal

The Elmwood Aid Society met at the home of Mrs. R. E. Browning, Thursday afternoon.

The St. Patrick color scheme was appropriately employed and each guest presented with a bow of green ribbon.

Twenty-two members answered to roll call and four visitors were present.

After the business session a riddle contest was engaged in which afforded much merriment and in which Mrs. Matheman won first prize and Mrs. H. W. Wills the consolation prize.

Dainty refreshments were served by the hostess, assisted by Mrs. Chas. Williams and Mrs. Fred Purcell.

The W. R. C. met in regular session Thursday afternoon.

Five new members were initiated, after which there was a delightful social hour.

Marked by a delightful informality, the Basket Ball dance given by the Chi I-elta Chi girls at the F. O. E. hall, Friday night, was one of the gayest affairs of the Spring season.

It was a dance almost exclusively of the younger sets, with a large number of out of town young people represented in the attendance of fifty couples.

St. Patrick's Day symbols were prettily effective and each guest was presented with symbol of the day—tiny green flags for the girls and small white clay pipes and green shamrocks for the boys.

The music was exceptionally good and introduced the popular ukulele with a rhythmic melody which lent added inspiration to the dancers. The musicians were Misses Mary Ellen Briggs and Marion Whelpley piano and ukelele and Floyd Miller at the drums.

Out of town guests were: Misses Prudence Moon and Constance Williams, of London; Margaret Carville, of Chillicothe; Dorothy Doster and Grace Ashling, of Greenfield; and Lella Culbertson of Milledgeville. Messrs. Claire and Otto Cluberson, Cary and Earl Gidding of Milledgeville, Lawrence McDermott, David Graham of South Charleston, Moses Moon, of London; Robert Shepley, Arnold Duncan, Carol Keener, Carlorn Shrock, Lawrence Heaton, Pearl Daniels, John Means and Robert Wolfe, of Greenfield, and Messrs. Morrison Gersheimer, Groninger, Wilson, Jarine, Gehing, and Cutwright of Chillicothe.

Tomorrow—St. Patrick's Day—the "Sour Pickles" club will hold its ninth anniversary celebration in Columbus which is now the home of several of its members.

A girls' club which has been organized nine years and has been sponsor for much gaiety and social activity without a single instance when friction marred its perfect harmony, is decidedly unique and deserves to have a few bouquets thrown to it. Perhaps the ensemble of the club is responsible for its unusual record, for it is composed of a double quartet of exceptionally charming girls—bright and interesting and possessing the rarer quality of being interested in others. They formed their organization when young school girls and the associations of high school years and later college experiences, instead of lessening their friendships, drew the cords all the closer.

Each girl would rather miss any event of the year than the annual celebration, until this year it has always been held here.

This year the members have been separated beyond the ordinary and Sunday's reunion promises to be the most joyous they have ever had. Sweet peas, the club flower, is always worn on the anniversary day.

The club enrolls Misses Jean Fitzgerald, Bessie Casey, now residing in Columbus, Misses Mary Alice Culhan, Carrie Willis, Lora Ellen Tharp, Jane Paul, who are attending school in Columbus, Misses Margaret McDonald and Jeanette Weaver.

Rev. David W. Barre, rector of St. Andrews Church, has been ill this week in Covington, Ky., where he and his mother have been visiting since last Monday. Rev. Barre expects to return this evening.

Mrs. Walter McCoy, of Springfield, is visiting her parents, Captain and Mrs. Charles Allen, while Mr. McCoy in his capacity of Clark County Agricultural Agent, is on a business trip through Pennsylvania in the interest of the seed corn campaign.

Mr. and Mrs. H. A. Stratton and daughter, Violet, and Miss Susie Temple went to Columbus Saturday, Mr. and Mrs. Stratton taking their daughter for medical treatment and Miss Temple going to visit her sister, Miss Sarah Temple.

Within the next few weeks the structure will be completed, and will be a

very attractive building. It will be used for the first time at the opening of school next fall.

Work on the other two buildings in the township is at a standstill, but efforts will be made to complete both buildings during the summer so they too may be used at the opening of school next fall. However the contractor is hampered by lack of material.

If only one of the two buildings at Eber and Chaffins Corner can be finished, then it will be the one at Chaffins Corner.

CONTRIBUTED

That all German-Americans are not pro-German is evidenced by the following poem, contributed from the back of a business card of a real German-American:

REBELLION IN HELL.

Big sparks flew from old Satan's eyes.
"What's this I hear?" said he;
"They say that when the Kaiser dies,
He'll be consigned to me!"

"Old hell to me is mighty dear,
The place is very fine;
But if they send that guy down here,
Believe me, I'll resign!"

"I'll stand for murderers and crooks,
And I will not disown
That I have now here on my books
The worst thugs ever known."

"But my boys would get sore, I fear;
I know they would rebel;
The Kaiser can not enter here,
For he would corrupt Hell."

"Our sulphur is too clean for him,
Our brimstone lakes too pure;
And if in one he took a swim,
He'd ruin it, I'm sure."

"Our company is not so swell,
Vile beasts we won't reject;
But keep the Kaiser out of Hell,
We have SOME self respect."

PEACE OFFER IS SPURNED

(By American Press)
London, March 16.—In official circles it is believed the action of the all-Russian congress of soviets in ratifying the peace treaty with the central powers clears the way for announcement of allied intentions as regards Japanese intervention in Siberia and gives Germany vast opportunities for political and economic penetration of the former Russian empire.

Japan is now awaiting the official attitude towards intervention before taking any steps in that direction. It was stated in Tokyo. The Japanese government will not act without giving the United States information as to its plans, but the belief is held that the dispatch of an expedition into eastern Russia is only a matter of time. One development which has aroused considerable interest is the return of the Japanese ambassador to China. It is supposed that the ambassador came from Tokyo to confer with the Pekin foreign office upon the situation.

By the peace terms Russia must give up Poland, Courland, Livonia, Estonia and the Ukraine. In Asia Minor the Russians are compelled to retire from Armenia and to cede to the Turks the Russian districts of Diarbekir, Kars and Erivan. Russia must renounce all claims to the occupied territories in Europe, Germany and Austro-Hungary to decide the fate of these regions in agreement with their populations. The Russian army must be demobilized and Russian warships are to be dismantled.

More important to the central powers is the re-opening of navigation in the Black and Baltic seas and the signing by Russia under compulsion of a new commercial treaty, with guarantee of a most favored nation treatment at least until 1925. The Bolsheviks also promised to put an end to all propaganda and agitation

within the central empires and in occupied territories under their control. Offers of peace have been made to Serbia by Austria-Hungary and Bulgaria. But it is stated that Serbia has absolutely refused to consider them.

Holland stands in a perilous situation, according to the German newspapers, which are printing editorials, evidently inspired, on the taking over of Dutch ships by the United States and Great Britain. "Drastic measures" are advocated if Holland "gives way" to the allies.

That peace terms have been offered Great Britain by Germany may possibly be inferred from statements by Lord Robert Cecil, British minister of blockade, who asked if proposals "had been received for a peace at the expense of Russia," answered that "no such proposals are being considered or will be considered."

POPULAR PLAY AT COLONIAL

Madge Kennedy, the fascinating and entertaining star of "Baby Mine," is again drawing crowds to the Colonial in "Nearly Married"—a stage success that was even more popular than "Baby Mine."

"Nearly Married" combines with originality of plot, highly humorous situations and heart interest and is altogether as entertaining a photo comedy drama as has been seen in many a day.

A bride and bridegroom are separated by the scheming of a reckless brother immediately after the ceremony, and the play progresses, with most amusing complications through all kinds of happenings until they are finally re-united.

A novel feature is the introduction of a "Hindu Inn Keeper," formerly a New York chef, who in his angling for automobile guests does not hesitate to strew the road with broken bottles.

Madge Kennedy plays the role of the changeable bride in her own inimitable and clever way and an all-star cast shares with her in contributing to the continuous delight of the audience.

The Colonial was gayly decked with festoons, old shoes, etc., to form appropriate setting.

"Nearly Married" will be shown tonight and Saturday and will probably have record houses.

DISTRIBUTION OF COAL IS EXPLAINED BY STATE CHAIRMAN

Details Are Announced and Users of Coal Should Read Official Order Promulgated by Fayette County Fuel Commission.

The following official order has been issued through the State Fuel Administrator and published at the request of the Fayette County Fuel Commission, which asks all users of coal to read the order with care, and abide by the orders accordingly.

Retail Distribution For Year 1918

The United States Fuel Administrator recommends and encourages the purchase and storage of coal and coke for necessary domestic requirements as early as possible in order, first, to insure the delivery of coal and coke for this purpose, and second, to assist the transportation companies by effecting delivery of as much coal and coke as possible before next winter.

The following regulations have been established by the United States Fuel Administrator:

a. Until further notice no domestic consumer of coal or coke shall purchase, receive or otherwise take possession of more coal or coke than is required for his actual or necessary requirements prior to March 31, 1919. If such consumer already has a quantity on hand he shall receive only such additional amount as shall make up his actual and necessary requirements prior to that date.

b. No person, firm, association or corporation, whether acting alone or in conjunction with others, shall, directly or indirectly, provide any domestic consumer of coal or coke with more coal or coke before March 31, 1919, than is necessary, with the amount already on hand, to meet the actual and necessary requirements of such consumer prior to that date.

c. On and after April 1, 1918, no person, firm, association or corporation shall sell or deliver coal or coke to a domestic consumer who does not first furnish to the person selling or delivering such coal, a statement which the consumer declares in writing to be true, and this specifies (1) the amount of coal the consumer has on hand, (2) the amount of coal he has on order and the name of the person from whom ordered, (3) the amount of coal used by him in the twelve months ending March 31, 1918, and (4) the amount of coal needed to meet his actual and necessary requirements prior to March 31, 1919; provided, however, that this regulation may be modified by any State Fuel Administrator within his own State under such circumstances and conditions as he may deem proper.

d. On and after April 1, 1918, and until further notice, no retail dealer shall, unless authorized by the State Fuel Administrator, deliver or cause to be delivered to any domestic consumer more than two-thirds of his normal annual requirements of anthracite coal until each domestic consumer who has placed his order with said dealer, and is willing to receive delivery of the same, has received two-thirds of his normal annual requirements for the year ending March 31, 1919; provided, however, that orders for six tons or less may be filled in full.

e. Carload or barge load lots shall not be delivered to a single domestic consumer or to a group of consumers, except with the permission of the local Fuel Administrator.

f. Dealers shall file, with the local Fuel Administrator, on the first of each month, a statement containing the names and addresses of consumers to whom deliveries have been made during the previous month and the quantity delivered to each.

Any dealer or consumer who violates the foregoing regulations will be subject to the penalties prescribed by the Lever Act.

Such further regulations will be issued as may be necessary to enforce the essential features of the foregoing plan.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

FARM NOTES

Sugar Obtained For Bees

Reports indicate that many bees need to be fed at the present time to carry them through to the beginning of the honey flow. Sugar has been difficult to procure but by active work on the part of members of the Ohio Beekeepers' Association, the problem has been solved. The Food Administration has placed several tons of sugar in the hands of the secretary at Columbus and the A. I. Root Company at Medina. This will be sent to Ohio beekeepers only, at the rate of not to exceed two pounds per colony for colonies actually in need of stores. Where this is not sufficient, an attempt will be made to furnish more later. Beekeepers needing supplies of sugar should address James S. Hine, secretary of the Ohio Beekeepers' Association, Columbus, Ohio.

Breed From the Best Hens

No flock of Ohio hens is so good but that there are certain individuals which are far superior to certain others. Neither is there a flock of Ohio hens that is so small but that it will pay to select a few of the best for breeders. Only a small breeding flock is necessary on many farms since 15 hens will lay during the breeding season of 2½ months from 400 to 500 eggs. If each year the best are selected as breeders, remarkable progress can be made in just a few seasons toward producing a strain of vigorous, large-bodied, late-moulting, high-producing hens. It also means keeping fewer male birds, which at 4 to 5 cents a bird per week for feed is a considerable saving.

WANT TEN DOLLARS?
HERE'S THE OFFER

The management of the Ohio State Fair is offering a prize of ten dollars for a short catchy, original slogan to be used in connection with the advertising of the Ohio State Fair. The person sending the slogan that is adopted will receive the ten dollars.

Contest closes April 1, 1918. The slogan for 1916 was "Let's Go," for 1917 "Everybody's Going." Think up a better one.

This offer is open to all.
Address Ohio State Fair, Columbus, Ohio.

ORDERS ALL ALLEYS
CLEANED AT ONCE

Service Director Tracey has issued an order that all alleys must be cleaned.

Many alleys are so littered up with all kinds of refuse, the result of long neglect, that it is almost impossible for traffic to move through them.

The order is in line with recent action of the city council.

OFFICE OF WAR
WORK COUNCIL OPEN

The office of the Fayette county War Work Council will be kept open each day from now on.

The office is located in the Law Library in the basement of the court house, and Miss Helen Perdue will have charge of the office work.

Both telephones have been installed in the office.

Bevo

A BEVERAGE

Bevo is a great favorite in the Army Canteens, where none but pure, soft drinks may be sold. After drill or march, you are sure to see a long line of hot and dusty-throated soldier boys making a bee line for Bevo. They know that there lies complete satisfaction, full refreshment and pure wholesomeness.

At home or abroad—at work or play—between meals or with meals, you will appreciate what we have done for you in making this triumph in soft drinks. You will find Bevo at inns, restaurants, groceries, department and drug stores, picnic grounds, baseball parks, soda fountains, dining cars, in the navy, at canteens, at mobilization camps and other places where refreshing beverages are sold.

Bevo—the all-year-round soft drink
